Comments: [External Email]Rattlesnake Recreation area

The Rattlesnake Recreation area is an area to both be appreciated and be proud of for its beauty, superb maintenance and preservation of wildlife as well as its accessibility to hikers. Missoula and its visitors have been enjoying this area for many years. As one who has recently hiked along its paths, I hope the forest service will continue to preserve this unique area as is, so that generations to come can enjoy its awesome natural beauty as I have. It seems to have everything it needs to be perfect. It needs no additional roads or buildings.
