Title:

Comments: Lolo Pass: As climate change has affected our winters and snowpack, we are unable to rely on consistent nordic skiing at our lower elevation locations around Missoula such as the local golf course. With this in mind, we recommend inclusion of grooming access on the Montana side of Lolo Pass, specifically expansion of groomed nordic ski trails between Lee Creek Campground and Lolo Pass. We appreciate the existing access at the top of the pass on the Idaho side and use it frequently in the winters to ski. However, it has become a bit crowded with limited available trails. Thank you in advance for your consideration of this groomed trail expansion request on the Montana side of Lolo Pass trails.
