Comments: My comment is specific to the main corridor in the Rattlesnake Recreation Area from the trailhead upstream. I hope that the plan will not include permitting the use of e-Bikes on the trail up the Rattlesnake. Current bike usage works well except for a small minority of inconsiderate bikers who speed, but e-Bikes will greatly exacerbate the conflict between pedestrians and riders. In practice on trails, e-Bikes tend to show up much more like motorcycles than bicycles which is not a good fit in this space.
