Comments: Missoula is home to many avid cross-country skiers who recreate in Lolo National Forest. The Pattee Canyon and Rattlesnake NRA locations are becoming less suitable for skiing as we experience warmer winters with less snowpack. This makes Lolo Pass the most attractive area for cross country skiing in Missoula county. More attention needs to be paid to this area with cross country skiers in mind. Most importantly, the developed trails at Lolo Pass, e.g., Glade Creek and Packer Meadows loops, should be adequately maintained. In the past several years, the quality of grooming has deteriorated (a new contractor for trail grooming is probably needed).. Resources should be allocated to ensure careful and thorough maintenance of the cross country ski trails at Lolo Pass.
