Title:

Comments: I am interested in using Lolo NF as a Nordic ski, hiking, backcountry ski, and snow shoeing area. I prefer trails that I can bring my dog as well as providing spaces for those to recreate without dogs. I have an interest in supporting groomed skate skiing trails, and prefer quiet areas without snowmobiles. It is a priority to me that garbage, bathrooms, and parking lots support the growing needs of Missoula's population. I entrust the forest service to take great care of our beautiful public lands!
