Comments: Re: Map GM-04 Greater Missoula Desired Summer Recreation Opportunity.

I am specifically concerned with the designation for motorized use in the Rattlesnake Corridor. This is already a heavily used area with horse, bicycle and foot traffic. I am firmly opposed to allowing the use of e-bikes or any motorized recreational modes of transportation. The number and speed of cyclists are already a problem for humans and horses and the addition of motorized bicycles of any ilk will make it worse. Safety is vital to our enjoyment of this amazing space.

Best regards.
