Comments: I have been snowmobiling in the Mt. Baker area since 1997 and it is a tradition that I hope to continue with my kids and their kids. I don't understand how the government can even consider allowing private commercialization of these lands. In my lifetime I have witnessed the majority of all of the land that I grew up enjoying in other motorsports become closed due to private land operations. Even though I am sure that it is not the intent of the commercial operators, granting them this type of control will inevitably cause snowmobile areas to eventually be lost as a by product of this move. Please do not allow my family tradition to be lost over some potential notoriety and profits for a chosen few. If our legacy is determined by the highest bidder it will not end well.
