Comments: I would like to see Heart lake, Pearl lake, Dalton lake and Upper Trio lakes taken out of the Great Burn RWA. I believe it should be opened up for winter time snowmobiling. Snowmobile riders travel from Idaho and Washington to ride this area and boost the economy of the town of Superior Montana. I love the scenery and back country experience that these places offer. I have enjoyed riding with my dad and want to share areas like these with my son. The mountain goats do not winter at that high of elevations and move down to lower elevation. People have been snowmobiling in this area sense the mid 1970's...If the Idaho side is open for snowmobiling then I believe Montana side should be as well. I believe we should be able to access and enjoy these lands with family and enjoy our outdoors.
