First name: Andrew

Last name: Meyer

Organization:

Title:

Comments: Most people are good with sharing with all the activities. It's the private-for-profit businesses coming in and setting up shop on public lands that is part of the concern. Our snowmobile (NWGC) club has provided huts but they are open to everyone, the forest service forbids overnight use and we are forbidden from even asking for donations for the hut use or maintenance.

Every sled rider on the mountain pays for a sled registration therefor is directly contributing to the winter grooming program. There isn't a program in place yet for these multi day/night rentals to contribute to the grooming program.
