Comments: Anderson's Canoe Outfitters is located on the western entry of the BWCAW, Little Vermilion entry point. Shuttle vessels navigating this water way on Lac La Croix have to drop guest off on the Canadian shores so they can paddle into the BWCAW. The reason for this is because the Minnesota side is restricted to motors and they also have to check into Canadian Customs to be dropped there. The western side has unlimited horsepower and vessel length. All other tow boats in the BWCAW have motor restrictions and vessel length. Our boats are approved to haul 12 people and 6 canoes. We can haul more than 9 people and 4 canoes. Our shuttle vessels navigate the border waters of Minnesota and Canada, not inland waters of the BWCAW. This needs to be noted because we navigate border waters.

Thank You

Mark Anderson
