Comments: I am strongly opposed to winter shelter proposals at Heliotrope and Anderson/Watson areas. They are too high of use already and the proposals would take away from limited public parking.

I am agnostic on the other two proposed huts, but tend to think the Twin Sisters yurt for private guided parties to be a bad precedent on public land.

I think there needs to be a larger discussion about managing/expanding winter access on the MBSNF. It would be great if we could figure out a way to spread people out on the forest more.

Thanks for listening!
