First name: Larry

Last name: Dean

Organization:

Title:

Comments: 1. Provide parking at the PCT North parking lot to improve access to Commonwealth Basin for snowshoeing and backcountry skiing.

2. Allow winter access to F.S Road 4832-144 in the Gold Creek Valley which would provide snowshoeing and backcountry skiing in that area.

3. Allow access the upper Gold Creek Valley via trail 1314 with clear temporary trail markers to maintain closure of project area.

4. Expand parking on Lake Mardee Road and develop a way to allow snowshoers access to F.S road 9090 to provide additional snow play opinions in that area.

5. Most importantly, work with WSDOT to allow parking on the north side of I-90 at Exit 62 and develop a trail connector for cross country skiers and snowshoers to access Cabin Creek and the Mount Amabilis trail system.
