Comments: I object to the 30 day notification period. It should be extended to at least 60 days.

I object to ANY PRESCRIBED BURNING!! There are too many risk factors in the Las Huertas Canyon for any kind of burning.

I support citizen involvement in a fuel reduction plan, such as a trained corp of volunteers, or a program of civic groups from the Placitas and surrounding communities that would be able to hand clean the forest...any plan with imagination and interested groups would be a better solution than the current plan which is historically based on failure.
