Last name: Clark
Organization:
Title:
Comments: I want to see a plan that does not include prescribed burns in or near Las Huertas Canyon or the Sandia Mountains.
I want to see several fire breaks that protect Placitas on the plans. The break on the maps provided seems inadequate to protect Placitas and residents in Las Huertas Canyon.
I would like to see permits & training issued to local organizations and people asap to help trim the forest in Las Huertas Canyon
I would like a detailed outline of the process to obtain a permit to clear wood and the training process the US Forest Service requires.
I want the comment period extended for several months.
I want regular in person meetings held by the US Forest Service in the Placitas community at least quarterly starting in the 3rd quarter of 2024 to keep us informed and to obtain community help in trimming the forest.
I want a greater effort made to reach out to the Placitas community and keep us informed on an ongoing basis.
