Comments: To who it may concern. The proposals on the table sounds very interesting I am a snowmobile user of these areas. .. I feel that all these things will collide with these different groups and put pressure on the limited infrastructure in these areas. And limit or ban the uses of motorized snowmobile access .. .. as this activity grows .. access gets smaller and over crowds other open areas. And or makes people travel farther to enjoy this activities and directs dollars to other locations.. I can go on . So either reconsider these proposals. Or make major improvements to these areas .. to make all happy .. this industry and the people pay for alot and contributions to all at hand. .. thank. You. Have a good day
