Comments: I urge the Forest Service to do the following:

Close the wetlands and historic pasture in the wetlands north of the lake to human entry.

Limit recreational opportunities to be compatible with capacity, historic use and surrounding area.

Restore retained buildings to historic character of 1920-1940 construction if feasible.

Limit campgrounds and access to protect wildlife and historic sites.

Limit public boating to non-motorized boats.

No motorized recreation in vicinity of the lake.

Limit daily and overnight visitors to protect wildlife and historic sites.
