Title:

Comments: I am respectfully requesting that motorized vehicles are prohibited on trails used by cross country skiers. I have been run off the trail in the past due to careless snow mobiles on trails used by skiers and snow shoe walkers.

I enjoy being in the public lands and would like to continue doing so without being hit by snow mobiles.

Many times the folks driving these are careless. They speed which is especially dangerous on blind curves.

I understand there are many trails and open areas for motorized vehicles and would like to keep as many areas for skiers.

Thank you for your consideration.

Sincerely, Mary Rice
