First name: Hunter

Last name: Williams

Organization:

Title:

Comments: Please reconsider the scale, or necessity, of this mine. The associated dewatering, and road and traffic impacts, will irreparably alter this beautiful, quiet town that Tucsonans such as myself frequently visit, putting money into the Santa Cruz County economy. A smaller scale project - preferably no project at all - would preserve the pleasure and joy of visiting this dark sky community sited on the Arizona Scenic Trail.
