Comments: I am writing in support of the Winter Park Resort Projects 2025 EA #66200. As a full time resident of the Fraser Valley, I know first hand how much the Winter Park Resort needs to upgrade it's facilities to better serve the public. The Winter Park Master Development Plan is the best way to help provide a better guest experience and better skier/snowboarder access to the ski area. Overcrowding has been a major issue over these past few years and this proposed plan will help alleviate such overcrowding while providing a better experience with minimal environmental impact. I fully support the project and request and expedited approval. Thank you.
