Title:
Comments: Dear Mr. Furr,
I strongly oppose the proposed logging plan in the Methow Valley.
This will source irreparable harm to important accountsms
This will cause irreparable harm to important ecosystems.
The Environmental Assessment process needs to fully incorporate public comment of valley residents, and be
more robust than it currently is on the future losses that this project would result in.
The contract that it can be an an an analysis of the contract the project means to can an
Sincerely,
Autumn Woodward
