Comments: Tiny Santa Cruz County is an Arizona treasure. To allow a foreign company to come in here and destroy the tranquil way of life is an abomination and affront to the citizens of this county, and this state. They'll leave a trail of road destruction, disease, mine tailing mountains, eye pollution, and all the while creating noise pollution and air pollution while pocketing our resources and wave goodbye in 30 years. What is the price for serenity, beauty, health, who sets that price and who pays for it? Do NOT allow this to happen to the people of this county and wonderfully diverse beauty and wildlife found here. Take a stand against foreign exploitation of our beautiful county and way of life!!
