Comments: After reviewing the materials provided for the review of the proposed Denbigh Fuels Project in McHenry County, North Dakota the USFWS would have the following comments:
1. The proposed project area should be entered into the USFWS-IPAC system for further review and possible additional consultation,
2. Comprehensive bat survey by a permitted bat surveyor should be completed prior to imitation of the project.
3. Tree removal should take place from November 1 to April 14.
