Comments: Dear sirs,

Please restrict OSV operation to designated areas.

I am a frequent user of Cumbres Pass and ski into the yurts there such as Neff Mt and Spruce Hole.

It is important to me to retain the quite non mototeized experience of those areas.

I understand we need to co-exist with snowmobiles etc and appreciate the difficulty of segregating users of the area.

Personally, I appreciate the local young OSV driver who helped my husband the final mile back to the highway last winter after he injured his ankle. We CAN all work together, but designating restricted areas for OSV, especially on Cumbres Pass is needed.

Thank you,

Judy Buckingham.
