Last name: Yoklavich

Organization:

Title:

Comments: Osv. Please confine OSV use. The noise and smell ruins the outdoor experience for snowshoe and XC ski. The machines tear up the snow ruining the pristine atmosphere. Parking areas are consumed with huge trailers. I understand snowmobiles should have some designated trails- not the entire forest. Please limit OSV areas. For the sake of wildlife habitat and peace and quiet for animals and humans. We can share the forest.
