Title:

Comments: We own property on the Tennessee and Kentucky state line, just off interstate I-75, exit 160, Jellico, TN 37762. Also, my siblings and cousins live at Exit 160 in the Jellico and Newcomb, TN area. These mountains in this area have been the pride of our area and a part of our heritage. These mountains here is a part of my history. Forty seven years ago, at the age of 13 years old, I built my first altar unto the Lord on these mountains, and to destroy those altars and violate this sacred ground would be destroying Holy sites. I ask that you please do not allow this to happen. Please do not allow anyone to log and destroy these mountains.
