Comments: I am opposed to this mine for several reasons:

1. The traffic alone will destroy the town that all the trucks and equipment must pass through.
2. Mines create a vast amount of waste that is often left in big piles that can contaminate ground water and the surrounding areas
3. The animals in that area will be devastated since that is a hard place to live and this will kill many of them if not all.
4. Miners can be rough people and will likely create crime where there was previously none.
