First name: Hossein

Last name: Ganji

Organization:

Title:

Comments: The TSF is lack of detail design and still in the preliminary study:

- OMS manual
- Emergence and response plan
- Static Liquefaction Analysis
- Failure mode and Analysis (FEMA)
- Physical property of the dry tailing
- Detail Monitoring & instrumentation of the TSF
- South 32 is committed to GISTM and ANCOLD but not detail information regarding the two Global standard
