Comments: As a lifelong whitley countian and local business owner, I fully oppose clear cutting the Jellico Mountain. I grew up on Briar Creek and my family spent a lot of time in those mountains throughout the years. Now a father of 4, I am wanting to raise my children the same way as I. My kids and I love riding and hiking the mountains and spending quality time outdoors. Clear cutting is not the answer! Let's preserve Jellico mountain and allow the now and future generations to enjoy what we have.
