Comments: I am very much against the proposed changes to the lifts. I have been skiing at Winter Park for 45 years.

The Looking Glass lift is a classic, one of a kind and I use it every day that I ski. Please do not take it down.

I also do not want a gondola to be the only way to get up the mountain in the morning on the WP side, and in fact I purposely avoid using base gondola now. Please do not take down the base chair lifts! I also know that the 6 person chair lifts move more people, but also account for more accidents getting on and off the lifts.

Lastly, I would not vote for the expansion but assume that it is a done deal already. I really do miss the days of Denver Parks and Rec. when a family could come on vacation and ski for a day and not have to spend thousands of dollars.
