Comments: I believe that they should not do the jellico mountain logging. My name is Riley Moses and 2years Ago i wrote a comment and I still feel as strong as I did about the logging 2 years ago the reason I don't want them to do the logging is because in the future I want my kids to experience the beauty of the mountain and swim in the creek.the logging might put chemicals in the water so me and my kids won't be able to swim and we won't be able to hike because of all the pollution and the trees won't be there because of the logging. My name is Riley Moses age 11 and I believe that they should not do the logging
