Comments: One of the best things about Whitley is the beauty of the area that not only the ones who lives here to enjoy but the visitors too. That is one of the main reasons people return over and over again to Jeep Jamboree. From the falls, river to the rolling mountains and trees. With so many acres cut, it will ruin that area, make many wild animals come near homes with their own homes taken. Also will cause landslides. I ask to please reconsider the Jellico Vegetation Management before you make our home to feel not like home.
