Comments: To whom it may concern, I am a resident of the local area even though I do not live directly in the area of proposed logging., I would like to express my concerns with this project. I am very distressed over with the displacement of wildlife to the area and what kind of wildlife would come in after logging ie; snakes? I admit I am not knowledgeable about logging and what it involves, but I do know that I love this area, the beauty and peace that God has blessed us with. So I encourage and respectfully ask you to listen to all the experts whom know of wildlife impact along with flora and erosion effects. Please weigh all and seek God's leading. What you decided will effect many lives for centuries to come. Thank you.
