Comments: To whom this may concern, My husband and I are against South 32's Hermosa mine and any other derivative of mining. It will impact this county in every negative way. Our environment would be seriously compromised. We want South 32 to pack up and get the heck out of our county and never come back. S32 can take the wishes of the Biden Administration of their EV's and trash them! They are already obsolete and useless! S32, get lost!
