Comments: While I doubt anyone is really interested in opposing comment, I am against removing the smaller lifts in place of high seating lifts. With your addition of the high-speed/too-many-people-on-board lifts in Vasquez and Parsenn I no longer ski those areas. Since you added the gondola at the base, I no longer take that lift up. You already dangerously overcrowd the resort so that I now only non-holiday week day.

Looking Glass is my favorite lift and I only ski on the older, 2-4 people lifts.

With the proposed lift changes, I anticipate I will stop renewing my season pass, stop my locker payments and seek a different resort, meaning selling my property and stop related taxes.
