Comments: For the last 20 years I have been using forest roads 50, 51, 124, 125, 144, 145, 146, 107, and many more on the east side of Apache-Sitgreaves National Forest. I am handicapped and I drive slower than most people, during the 90,000 miles I have put on my many atv/utv I have been forced off the road many times by fast moving trucks , SUV. and SxS.

I would like to see a few ATV/UTV trails south of Heber/Overgaard, AZ.

If I'm on the right side of the road and someone forces me off the road and keeps going who is at fault with this new travel management plan with no slow trails in Heber/Overgaard, AZ.

Heber/Overgaard needs some slow 2 track trails for us slower moving UTV's
