Comments: Dear USFS,

Please do not allow or encourage South 32 to make real its land-destroying mining operation in the Patagonia area. I've hiked and birded in the area and the beauty, peace, and natural world there won't survive the industrial catastrophe they have planned.

We can do without whatever South 32 plans to dig out of the ground but we can't do without our world and all the living creatures in it. Please, let's stop this vandalism.
