Comments: I am in favor of this project. This expansion should serve to add capacity and convenience that will allow more people (families in particular) to access physical activities in a world-class outdoor setting. Please ensure that all facets of this project beyond just the capacities of lifts and acres of terrain contribute to the affordability and convenience for the visitors to Winter Park Resort and the surrounding communities (i.e. transit options and capacities from the Front Range, adequate parking at the resort and town, streamlined mobility of visitors at the resort base, etc.). Thank you!
