Comments: Hello,

I would like to voice my overwhelming support for a MUP, in Reds Meadow Valley and connecting all the way to Minerat Vista. As an avid runner and biker it is quite sad that the only way to access Reds Meadow is via a car. I would love a MUP to run from Reds Meadow Resort all the way to Agnew Meadows/Wildflower trail at the bottom of the hill and eventually all the way to Minerat Vista. I believe the valley would extremely benefit from the 5 mile connected MUP to allow for better interconnected use of Reds Meadows without using vehicles.

Thank You so much for your work on this project.
