Title:

Comments: Fall Creek is one of my favorite places to cross country ski. I have been going there for years.

Pagosa has such special places to ski and afterwards soak in the hot springs. I love the peace and quiet of skiing without worrying about dodging snow mobiles or having my meditative state interrupted by hearing snow mobilizers and worrying if they are near me. My body goes into anxiety mode when I hear them. Please keep some areas dedicated to cross country skiers and also patrol the areas and ticket the violators.
