Comments: It is anticipated that there would be impacts to water quality and quantity; scenery; threatened, endangered, and other special status species and their habitats; effects from drilling and mining activities such as noise and lights used for nighttime drilling; impacts to air quality; and increased traffic.

I ask you to scope out the real impacts of this proposal regarding:

- Please study the impacts on wildlife habitat.
- Please study the health effects of dewatering the area.
- Please study the impact of increased traffic in the area.
- Please study the impact of the new utility lines above or below ground in the area.
- Please study the impact of increased air, water and soil pollution in the area.
- Please study the impact of increased health problems in the area.
- Please study the impact of decreased tourism in the area.

Thank you.

Respectfully,

Mark Alten Hotz
