Comments: I'm writing to voice my concerns regarding the impacts to Santa Cruz County and beyond. Please research and study carefully the following:

- * How will the de-watering effect wildlife habitats, land subsidence, wells, and public health?
- * The effect on water, air, and soil pollution; The mine needs to monitor air, water, and soil continually.
- * The impact of increased traffic pollution in this area
- * The impact on wildlife and vegetation, including endangered threatened and other special status species
- * The impact on wildlife movement corridors
- * The impact on watersheds, floodplains, wetlands, and riparian areas
- * The impact on soil and flooding
- * The impact on visual resources and scenic values
