First name: Trinan

Last name: Verwys

Organization:

Title:

Comments: There are many reasons I support this mine.

As a resident of the area, the income that will be generate is vital to our community.

As a woman in mining, the opportunities for underserved minorities is critical.

As a US citizen, it is imperative that we bolster our defense capabilities.

Mining has become one of the most environmentally sustainable and closely regulated industries in our country and it is time to recognize the needs it serves.
