Comments: My wife and I visit Pagosa Springs each winter to enjoy Nordic skiing and snowshoeing. In recent years due to warming climate/less snow pack, we increasingly ski on both sides of Wolf Creek Pass. We are concerned to see that the current winter trail proposal has designated almost all of the non-wilderness forest service land to be open to OSV use. To preserve and protect winter wildlife and decrease user conflict, we feel that there should be ample areas for non-motorized use only.

Please keep us informed on the status of the winter trail management process. Thank you for your time.
