Comments: Thank you for allowing us to comment on this project. I understand that it is mainly a veg management project & prob will have little to do with trails but appreciate the ability to weight in at this point. Many current USFS roads in the Lickstone project areas would be great additions to equestrian access. Our Back Country Horsemen chapters in the area (Pisgah, Big Creek & Blue Ridge) would like to advocate for additional trail mileage open to equestrians there.

Thank you

Deirdre Perot,

BCH of Blue Ridge President
