Last name: Custer

Organization:

Title:

Comments: As a 30+ year resident of the Bend, OR area and a long time mtn biker, I see regular and class 1 ebikes on almost all the trails I ride.

I see no conflicts besides the most vocal riders who are usually elitest in their views and would restrict any additional riders on the trails.

Not only do I strongly feel Class 1 ebikes should be allowed on the proposed trails, but i feel they should be allowed on all Oregon MTB trails.

Studies in our area, and others throughout the U.S. and other countries have shown Class1 ebikes have no more impact on the environment than regular mtn bikes.

Im so happy to see there is positive progress being made in this important are of outdoor enthusiasts.

I say, et em all ride!
