Comments: Hello,

Keys: pedal assist and 20 MPH and inexperience.

1) Who will police? Motor bike owners are notorious for going where they please now. What keeps all the classes off the trails? What keeps them on the trail?

2) EVERYONE HAS ACKNOWLEDGED (the forest service, the trail alliances and their directors, the bike selling shops) that these class 1 bikes allow RIDERS WHO ARE NOT ACCESSING THESE AREAS TO GET OUT.

And, riders who are NOT REGULARLY RIDING. So they are inexperienced, probably out of shape, not used to handling bikes, etc etc.

What kind of understanding will they have of getting help remotely? What instruction will they get?

Will they be reminded that they are largely "on their own"?

3) What keeps other non allowed motorized vehicles from following these right onto the trails?
