Comments: I fiercely object to this project. As an avid horseback rider I hold dear the citico trails system and have used it dozens of times over the past 2 decades. We continue to lose our beloved public trails and will soon have nothing left at this rate. I own 2 horse barns in the area with nearly 100 horses and trail riders in Loudon and Monroe counties. Our wonderful hobby is at stake and I beg you to take this project off the table!
