First name: Terry

Last name: Rice

Organization: Arkansas State Senate

Title: State Senator-District 5

Comments: I greatly support the Mena Trails project. The natural beauty of the Ouachita National Forest and the hospitality of the Mena/Polk County businesses, citizens and local government will make the trails project a great success. As the Arkansas State Senator for District 5, all or parts of 10 counties, I believe the trials will enhance the current enjoyment of people across the United States and around the world.
