Comments: There are contradictions in the NOI that make commenting a bit confusing. The "fact sheet" says that campgrounds will be primitive and semi-primitive, but the maps are showing camping areas for trailers---the Colorado Regulation 6 CCR 1010-9 defines primitive and semi-primitive as not for regular vehicle access. The descriptions on the "map" make these sound like semi-developed or developed campsites. This confusion in documentation should be cleared up for comments to be properly provided in this area of discussion. Are these primitive and semi primitive and do they follow the regulation definitions or are they developed or semi developed which would accommodate RV's? thx.
