Title:

Comments: I am in GREAT support of this project. I am an avid mountain biker and would love the opportunity to have a bike park with chair lifts nearby. My fiance and I would be frequent guests and supporters of the area and trail development. This project would absolutely bring a ton of visitors to the area. As a Texan, I can say that this project would bring a lot of business and tourism to Mena! The idea that we could have this amazing bike park with lifts close to home is the best news and makes me extremely hopeful.
